Copies of the listed documents were of record in a prior application, application no. 08/321,566, filing date October 27, 1994, upon which Applicants rely for the benefits provided in 35 U.S.C. § 120. If the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
